

If you have not tuned in to K-LOVE (91.3 FM in San Antonio), then you must! In comparison to the other offerings on the airwaves, K-LOVE is extremely family/everybody friendly, encouraging, informative, and a life-line to many. I can with confidence allow my children to listen to everything on this wonderful station. I have invited others to tune in for themselves, and few turn back to often dissapointing secular music/news stations. Please don't remove this much needed beacon from our FM channels.
